

Heard It All Before

[Meiko](#)

I'm so tired of staring at the wall
But I know I got to put you down
And I keep trying to make sense of it all
But I can't keep going around and around
And you know me well; you know me better than this
And I can't be sure if you're something I'd miss 'Cause I've heard it all before
I've heard it all before I keep finding a little piece of me
Every time we disagree
And your words float like dandelions every other way
I can't keep listening to what you say 'Cause I've heard it all before
I've heard it all before
And I take everything I can
And I'll throw it out the door Yeah, I've heard it all before
I've heard it all before
And I take everything I can
But I've heard it all before
