Not Afraid

Metatrone

I'm walking along the city
I'm coming from the night
I feel I have a reason
When your sight
Is passing over me
Your hands trace my destiny
Your voice is calling me
The ending line of my dreams'
Fading slowly
As I think of you
Every time I see
Your eyes close to me
I feel fading all my tears
Before the day is gone
Another one has begun
In this eternity
Your love is all
I have to go on
And to say I'm not afraid
I pray these days will last
Forever
And forever not afraid
I will go on
You will go on
Together we'll be stronger
Forever be the best we canI take you as you are for me
So you make the same with me
Let's take my hands with yours and
Leave together free
We need no sex without love
We live in unity
Forever bound each other
We only want to be a family
Every time I see
Your eyes close to me
I feel fading all my tears
Before the day is gone
Another one has begun
In this eternityYour love is all

I have to go on
And to say I'm not afraid
I pray these days will last
Forever
And forever not afraid
I will go on
You will go on
Together we'll be stronger
Forever be the best we canYour love is all
I have to go on
And to say I'm not afraid
I pray these days will last
Forever
And forever not afraid
I will go on
You will go on
Together we'll be stronger
Forever be the best we canYour love is all
I have to go on
And to say I'm not afraid
I pray these days will last
Forever
And forever not afraid
I will go on
You will go on
Together we'll be stronger
Forever be the best we can
