Get Shaky

Ian Carey

ell you like it is with a kiss,rnBaby when it drips from your lips.rnTell you like it is it's like this,rnDon't be such a slave to your brother.rn rnBaby get shaky after school,rnOooh ooh there you ooh there you baby go crazy break the rules,rnOooh ooh there you ooh there you go go go go go go ohoh there you go!rnrnTell you like it is with a kiss,rnI can see the swing of your hips.rnTell you like it is it's like this,rnWaiting for a trick from your brother,rnYou can say what you want but you saw just the doorrn rnGet out of herern rnYou can say but you don't such a shame little girlrn rnGet out of herern rnBaby get shaky after school oooh there you there you baby gorn rnCrazy break the rules oooh there you there you go go go go go go oh oh there you go!rn rnBaby get shaky after school oooh there you there you baby go crazy break the rules oooh there you there you go go go go go go oh oh there you go!
