See U at the Club

Darin

See u at the club

See u at the club

See u at the club

See u at the club at nightSee u at the club

See u at the club

See u at the club

See u at the club at nightLook at this outfit and how it fits

The young star looking fly

Shorty come get this, ahaI lost my license but I could still

Drive you crazy, baby

You can call me babyLet me twist you up

Put you in the game

Let me work that sexy bodyLet me flip you up

Get you on my lane

Since you acting naughty, naughtyTonight I

Am I do my party right

So all my sexy ladies

Make sure that you looking fineTonight I

I'll be switchin' up my style

Good boy goin' bad

Better bring your game tonightSo see u at the club

See u at the club

See u at the club

See u at the club at nightSo see u at the club

See u at the club

See u at the club

See u at the club at nightYou got one, I got to many chicks

Don't worry about me

'Cause I ain't going there, ahaYou know the guard

I know he boss my friend

So hold on to your lady

She is flirtin' with meLet me twist you up

Put you in the game

Let me work that sexy bodyLet me flip you up

Get you on my lane

Since you acting naughty, naughtyTonight I

Am I do my party right

So all my sexy ladies

Make sure that you looking fineTonight I

I'll be switchin' up my style

Good boy goin' bad

Better bring your game tonightSo see u at the club

See u at the club

See u at the club

See u at the club at nightSo see u at the club

See u at the club

See u at the club

See u at the club at nightGot bottle service so you know

Would you do all the things I want

I want you on dirty mode

So you can call me crazy

But you want it babyTonight I

Am I do my party right

So all my sexy ladies

Make sure that you looking fineTonight I

I'll be switchin' up my style

Good boy goin' bad

Better bring your game tonightSo see u at the club

See u at the club

See u at the club at nightSo see u at the club

See u at the club

See u at the club

See u at the club at nightSo see u at the club

See u at the club
