Skyhouse and Scarlet

Jason Rubero

June cries
Holds her tongue and runs for cover
This world
Has stomped her toes again

She tries
One escape and then another
So sad
She takes it on the chin
Tangled in the sin

She can't
Know the Skyhouse and the Scarlet
Until
She seeks out the hand that gives
Life to bones and love to harlot

Stay clear of the shifting sands
That swallow promised land

Standing there aglow in love's display
There's no way life can snuff you out
I'm in love with you
I'm in love with you

I am yours. And you are surely mine.

She will
Rue all of her indecisions
She casts
Her pearls before the swine

Truly
Sharp wit makes for swift incisions
And blood
Flows like dime store wine
It happens all the time

Standing there aglow in love's display
There's no way life can snuff you out

I'm in love with you
I'm in love with you

I am yours. And you are Shirley Mine.
