You're The One

Hoobastank

Tonight I'm letting go
Of all the old excuses
The fears I built so close
Cause inside I've always known
That no one else could ever do
Or ever feel like homeThere's so many things I'll never know
But this I know for sureYou're the one
I need you more than ever
It's taken too long
Taken to long to sayMy life began
The night we spent together
Now I cannot live
I'd die any other wayI'm not afraidYou're the oneIt's hasn't always been
The best of times
But if you'd ask
I'd do it all again(are you ready to begin)I'm ready to begin
A brand new chapter of our lives
Just tell me where and when(a brand new chapter in our lives)Cause there's so many things I'll never know
But this I know for sureYou're the one
I need you more than ever
It's taken too long
Taken too long to sayMy life began
The night we spent together
Now I can not live
I'd die any other way
I'm not afraidYou're the one(instrumental)You're the one
Who understands
Who makes me better than I am
I do it all because of you
When all we had
Had come undone
You stood and fought
And didn't run
You're the one who
Pulled us throughYou're the one
I feel it more than ever
It's taken too long
Taken too long to sayOur lives began
The night we spent together

Now I can not live
I'd die any other wayI'm not afraid
You're the one
