

# Can't Keep a Good Man Down

Lil Rob

Yeah, it's your homeboy Lil' Rob  
It was once said that you can't keep a good man down  
That's why I'm back, Simon, that's right L I L R O B, remember me, it's me  
That vato hardcore on your memory  
Temporarily had a commission  
Now my mission is to keep you wishing  
That I was gone, what's wrong? Fear what you know, loco with the flow  
And if you didn't know, now you know, oh no  
Pelon, chingon, cholo, solo  
Always rolling in my low rider ese, how low? As low as it goes  
Clothes always creased, dressed up nice and neat  
Always fucking up my beats and always fucking up my sheets  
Take a seat and learn that I just can't be burned  
Though I'll burn you like a lenio, you can't fuck with me, mental  
Eso mero, you better believe it, homey  
They'll be bumping my shit in forty years just like an oldie  
Listen over here, over there, what's that sound?  
Lil' Rob, can't keep a good man down  
Listen over here, over there, what's that sound?  
Lil' Rob, can't keep a good man down  
Listen over here, over there, what's that sound?  
Lil' Rob, can't keep a good man down  
Listen over here, over there, what's that sound?  
Lil' Rob What's up ese, it's your homeboy Lil' Rob coming back at you  
Letting you vatos know they can't keep a good man down  
Those who know don't talk and those who talk don't know  
So remember that shit the next time you're questioned ese orale  
The world is my stage, got you trapped like a cage  
Act your age not your shoe size, where the fucks the truth lie?  
You act like a shoo-fly but don't bother me  
You claim that you're the bomba but no to me  
It's a shock to me you'd even want to talk to me  
The one you can not see, trying to find out everything like Barney  
Chismosa, that's what you are to me  
They say keep your enemies close but I want you far from me  
Farther than the eye can see like in another galaxy  
Like where another planet be, anywhere but next to me  
Lil' Rob got some new shit and I know you won't like it  
Lil' Rob got some new shit and I hope you don't like it, ponle  
Listen over here, over there, what's that sound?  
Lil' Rob, can't keep a good man down  
Listen over here, over there, what's that sound?  
Lil' Rob, can't keep a good man down  
Listen over here, over there, what's that sound?  
Lil' Rob, can't keep a good man down

Listen over here, over there, what's that sound?  
Lil' Rob Why must it be like this, P L A Y at your own risk  
You better stop what you're doing like a breaker when he poses  
Break your ass like noses  
Better take the time to smell the roses I swear it's magic how I have it, better grab it  
I know the gato's in the bag because I bagged it  
I sell so much shit right off the shelf, homey just relax  
It's your homeboy Lil' Rob, ese I'll be back Smoke another sack and make another track to make my ferias stack  
They only push me forward when they think they set me back  
Even fools that don't know me wanna get me back  
Imagine that, even if I'm not wanting it homey I'm having that Still live on my Natural High, wickie wicked  
slick the sly  
Fuck it up regularly, ain't nobody better than me  
Listen over here, over there, what's that sound?  
Lil' Rob, can't keep a good man down Listen over here, over there, what's that sound?  
Lil' Rob, can't keep a good man down  
Listen over here, over there, what's that sound?  
Lil' Rob, can't keep a good man down Listen over here, over there, what's that sound?  
Lil' Rob, can't keep a good man down  
Listen over here, over there, what's that sound?  
Lil' Rob
