## Hey

## **Bic Runga**

You were on the second floor
Hanging out the window
Watching the cars passing by
With that look in your eyeAnd I was hanging round below
Waving to ya from the road
I was calling your name
You were miles awayHey, you've been wondering
What's it to ya?
You've been questioning why all day

It's such a silly thing
Still it threw ya, caught you by surpriseYou're coming to me loud and clear

There's nothing really for us here

It's a terrible thing, hanging on by a string

There's nothing left for me to say

You've said it all already now

I won't add anymore, I'll just slip out the doorHey, you've been wondering What's it to ya?

You've been questioning why all day

It's such a silly thing

Still it threw ya, caught you by surpriseYou and I

So sick and tired of hanging around

You and me, we both agree

It's all over now

All over nowHey, you've been wondering

What's it to ya?

You've been questioning why all day

It's such a silly thing

Still it threw ya, caught you by surprise
