I Will

The Fixx

All I notice is the red in your eyes
A hidden secret, we are not supposed to cry
Feeling the need to express
Only in order to find how similar we arePossess yourself or somebody else will
And when you're yourself, you might find you're someone else
You never know, you never know, you never knowIf the love doesn't set you free
Then I will
If the love doesn't set you free
Then I willThe pleasure of life is the pain of living
What we take out is replaced by giving
If you can contain your own emptiness
Then life is forward no idle regretsIf the love doesn't set you free
Then I will
If the love doesn't set you free
Then I willIf the love doesn't set us free
Then who will, you never know
If the love doesn't set you free
Then I willYou never know but I will
You never know but I will
You never know but I will
You never know but I will
No, no, no, noYou never know but I will
All I notice is the red in your eyes
I will
A hidden secret, we are told not to cryNo, no, no, no
You never know but I will
