Survivor

Adam Saleh

two bads don't make a good
build a better world we can make it through
I ain't a preacher, (i ain't a preacher)
I'm a survivor for the hood
Two bads don't make a good
to ride or keep the hate we got work to do
I ain't a preacher, I'm a survivor for the hood

I wake up every day wondering what's happening
it's in the news all the time so saddening
don't wanna see another kid on the street trying hard to defeat
the world on its own again
I understand the struggle, the trouble,the hustle but it's time to help one another
no matter the career, the culture, the colour were all here for each other
now it's time that we recover
I can see a better place, I can see a better time, I can feel it in my heart, I can see it in my mind
when the tears are gone and the peace is here your all pieces to the puzzle
two bads don't make a good
build a better world we can make it through
I ain't a preacher,
I'm a survivor for the hood
Two bads don't make a good
to ride or keep the hate we got work to do
I ain't a preacher, I'm a survivor for the hood
now there's a new crisis
when people live lifeless
don't stand in silence
or even turn to violence
let's fight this, initiate with the heart and mind that's led by guidance
tryna change the world put your pride aside and be out for what's right like I did
I'm trynna keep my homies on the right track
So people ain't scared of every Asian with a backpack
so much to say, I can't fit it on rap
I need more time like I'm tryna send a snap chat

two bads don't make a good
build a better world we can make it through
I ain't a preacher, (i ain't a preacher)
I'm a survivor for the hood

Two bads don't make a good
to ride or keep the hate we got work to do
I ain't a preacher, I'm a survivor for the hood
I'm a survivor, I'm a survivor
build a better world we can make it through
I'm a survivor,(i ain't a preacher)
I'm a survivor x4
I'm a survivor for the hood
it's all about respect, tolerance, a peace in this world
gotta do what's right (two bads don't make a good)
I'm a survivor

LOTS OF ECHOES AND REPEATS
