

# Make Me Whole

## PawnShop kings

hear the people sing to their god, to their god  
whole

shut your ears if you can't hear  
so you don't, so you don't  
hear this clanging cymbal  
banging gong, banging gong  
whole  
make me whole

shut your eyes if you can't see  
so you don't, so you don't  
see that i am holding  
holding on, holding on  
and i'm crying  
whole  
make me whole

jesus, make me whole  
so i don't, so i don't  
let the evil take its toll  
so i don't, so i don't  
put your love into my soul  
lift me up, lift me up  
make me whole  
make me whole

jesus, make me whole  
so i don't, so i don't  
let the evil take its toll  
so i don't, so i don't  
put your love into my soul  
lift me up, lift me up  
make me whole  
make me whole  
make me whole  
make me whole

hear the people singing to their god, to their god  
hear the people singing to their god, god, god

hear the people singing to their god, to their god  
hear the people singing to their god, god, god  
hear the people singing to their god, to their god  
hear the people singing to their god  
god, god, singing to their god, god, god
