Here I Am

The Explosion

There's poison in the boys in blue
There's poison in the boys in blue
Corruption, greed and feud are all I see
You're in a disarray
Things used to be a different way
Whatever happened to the golden ageIt's gone, yeah, it's gone away
So don't ever turn your back again
One false move and we're all deadHere I am, here I am, here I am
I'm back at the crossroads again
Oh, let me stand, let me stand, let me stand
On top of the mountain againThere's movement in the distance
Gunshots are all I hear
This petty resistance is all I see
I want to walk away
Remember better days
We watch the death of something beautifulIt's gone yeah it's gone away
So, don't ever turn your back again
One false move and we're all deadHere I am, here I am, here I am
I'm back at the crossroads again
Oh, let me stand, let me stand, let me stand
On top of the mountain againWhen we find a problem
We never look back and say
One chance, one moment
It's gone so easilyWell here I am, here I am, here I am
I'm back at the crossroads again
Oh, let me stand, let me stand, let me stand
On top of the mountain againWell here I am, here I am, here I am
I'm back at the crossroads again
Oh, let me stand, let me stand, let me stand
On top of the mountain again
