Boys will be boys, will be boys

If only them could think like a girl

It don't take too much, if I please a man  
But as a woman me harder fi understand  
A girl she needs affection

(If you could think like a girl)

Pay attention try fi love differently  
A girl she needs a best friend  
(A best friend)  
A man needs television  
You hafi light a candle, pour di wine  
Touch me body likkle boy take your time  
Baby you can slow down  
(You can slow down)  
Maybe you can go down  
Oh want me sing, want me say  
You still want me sing want me say  
(If you could think like a girl)  
It would a be such a perfect world  
(If you could think like a girl)

If you could only think like a girl  
(If you could think like a girl)  
It would a be such a perfect world  
(If you could think like a girl)

Will be boys, will be boys  
(They will be, they will be boys)  
Boys will be boys, will be boys  
Will be boys, will be boys  
(They will be, they will be boys)  
Never gonna think like a girl  
And the boy say sex me, and the girl says know me  
And the boy says want me, and the girl says need me  
And the boy say, and the girl say  
And the boy, the girl, the boy, the girl  
Oh my God  
(If you could think like a girl)  
It would a be such a perfect world  
(If you could think like a girl)  
If you could only think like a girl  
(If you could think like a girl)  
It would a be such a perfect world  
(If you could think like a girl)  
If you could only think like a girl  
(If you could think like a girl)  
It would a be such a perfect world  
(If you could think like a girl)
