

# The Rain (Live In Manchester)

[Lisa Stansfield](#)

It's just a pitter pitter patter of the wind  
It's not the grave matter of my grave  
Just a quick tick drop, took everything that I've got  
It's my tears again Just can't stop the rain()  
You took the boop boorrum of my heart beat  
And spew my very last breath away  
And now the quick tick drop, took everything that I've got  
Gone my tears again  
Just can't stop the rain()  
They say a pitter pitter patter's good for ya  
But now there's nothing to kick the pain  
You mae my heart stop, baby, all that I've got  
Are the tears, oh, yeah! Just can't stop the rain  
No, it just won't stop  
( )

It's just a pitter pitter patter of the wind  
It's not the grave matter of my grave  
Just a quick tick drop, took everything that I've got  
It's my tears again I just can't stop the rain
