

# Friends (feat. Faustix)

## Grabbitz

Will I become what I became again  
Will I become what I became when we were only friends  
If not, I think I might just ride again  
â€˜Cause I remember when you said  
Itâ€™s the smartest way if all we stay as friends

I remember when you said  
Itâ€™s the smartest way if all we stay as friends

Itâ€™s the smartest way if all we stay as friends  
Itâ€™s the smartest way if all we stay as friends

Will I become what I became again  
Will I  
Will I  
Will I become what I became when we were only friends  
Will I  
Itâ€™s the smartest way if all we stay as friends

Will I become your style or just a trend  
Will I become the nothingness that you would call your friend  
If not, I think Iâ€™ll play this game again  
â€˜Cause I remember when you said  
Itâ€™s the smartest way if all we stay as friends

â€˜Cause I remember when you said  
Itâ€™s the smartest way if all we stay as friends

Itâ€™s the smartest way if all we stay as friends  
Itâ€™s the smartest way if all we stay as friends

Will I become what I became again  
Will I  
Will I  
Will I become what I became when we were only friends  
Will I  
Itâ€™s the smartest way if all we stay as friends
