P.U.S.H

Steel Pulse

PUSH PUSH PUSH
Give me P.U.S. and H.
Universal love abandon hate
Push Push Push
Give me P.U.S.H
The mind is a terrible thing to wasteCHORUS
People People Unification
To Save Humanity
People People Unification
To Save HumanityP is for the people
So precious in JAH sight
Striving for human rights
U is for unification
To every nation
A solution to the plight
S is to save yourself from destruction
The only solution
Let JAH be your right hand
Abandon insanity
Bring wisdom forth in man
That's what I sayCHORUS
People People Unification
To Save Humanity
People People Unification
To Save HumanityDis ya people unification
Dis ya people unification
Let's unite and save humanityThere must be some way to stop these wars
From South Africa to El Salvador
So much injustice has been done
By those who live to die by the gun wow
Equality and justice I say stand for all
PUSH for satan's kingdom to fallCHORUS
People People Unification
To Save Humanity
People People Unification
To Save HumanityUnification to save humanity
Dis ya people unification
Dis ya people unification
Unification to save humanity

Can't you see that
Push push
Lend a hand to your brother man
Say we must all live as one
Only then we could stand a chance
Love right can never wrong
Here me everybody
Don't you know that
We've got to say it
Humanity
Begging you people
Just hear my plea I
