Save a Little

BoDeans

It's just a matter of time now
It's just a matter of where we are
They say it wont last forever
But it feels that way
The walls of hope come tumbling down
And I find shelter where you are
I feel like a fool
But then
I'm falling
Falling for you
So save a little
Love a little
Save a little love for me
Please save a little
Love a little
Save a little love oh
It'll be alright
When you walk
When you walk down my city block
And everybody looks to see
What it is they want
Well I think I know
'Coz I feel the same
Well you take me away
Every night; every day
And make my every dream come true
It's a sensation
My heart's on the run
And I'm falling
Crawling for you
So save a little
Love a little
Save a little love for me
Please save a little
Love a little
Save a little love for me
It'll be alright alright
it'll be alright
It'll be alright alright

It'll be alright
It's alright hey hey
it's alright
Save a little
Save a little
Love a little
Save a little yes I would
Save a little
Love alittle
Save a little love for me
Save a little
Love a little
Save a little love for me
It'll be alright alright
It'll be alright
It'll be alright alright
It'll be alright
