

The Way I Feel

Bob Sinclar

Lately I've been wandering
Off the narrow path
You've given me so many things
That I've never had
All in all I know it's you
That always pulls me through
If you reach deep inside
You'll see my heart is true
'Cause I hate the way I feel tonight
And I know I need you in my life
Yes, I hate the way I feel inside
And I promise to make the sacrifice, yeah
Come on
The world I know is pulling me
More and more each day
I feel like the odd man out
As I begin to pray
Spiteful eyes are watching me
With everything I do
In the midst of darkness, Lord
My spirit calls for you
'Cause I hate the way I feel tonight
And I know I need you in my life
Yes, I hate the way I feel inside
And I promise to make the sacrifice, yeah
(You know sometimes deep inside)
I feel like this
'Cause I hate the way I feel tonight
And I know I need you in my life
Yes, I hate the way I feel inside
And I promise to make the sacrifice
Yes, I hate the way I feel tonight
And I know I need you in my life, yeah
The way I feel like the way, the way I feel
