We Are...

Brainstorm

Will we ever get this dose again?
Will we really ever understand?The flames are rising from the past
The night will leave my friendNow wash away the thoughts inside
And say the words you never said
Release no anger,
You're cleansing my soul, my body and headOh, it's way too hard to see
What you hide inside
I had to burn your soul complete
To make you stay straight up the line
We are the ones to save your tears
We are
We are
We are the ones to hold your fears
We are
We areOh, yes, we areLook now what we've become
I'm making you know that I'm no master
Life ain't really what it seems
When dreams are turning into a disasterEverything's changing, everything's lost
On the path you take
The picture's clear, we both got to change
As there's no meaning in these words of hate
We'll keep our own integrity
Their smile's nothing but teeth
We don't have to burn our souls
To stay straight up the lineWe are the ones to save your tears
We are
We are
We are the ones to hold your fears
We are
We areOh, it's way too hard to see
What you hide inside
I had to burn your soul complete
To make you stay straight up the lineWe are the ones to save your tears
We are
We are
We are the ones to hold your fears
We are
We are
