

Everything I Need

Melissa Ferrick

Well I got money in the bank
And I got a car to drive
And I got a working set of hands
That my guitar seems to like Cause I got a love that won't quit
And I got time to rest
And I got a clear and able mind that sees my life
Going fineYay
Cause everything I need
Is right here in my hands
Right here in my hands
Right here in my hands
Everything I need
Is right here in my hands
Right here in my hands
Right here in my handsEverything I needAnd I got a floor to dance on
And I got a phone to laugh in
And I got a tub to cry in
And I got a bed to hide inOh but sometimes I only see what's wrong
Sometimes I'm convinced my god has up and gone
I'll never write a hit song
My love is going to leave me
HangingHey
But everything I need
Is right here in my hands
Right here in my hands
Right here in my hands
Everything I need
Is right here in my hands
Right here in my hands
Right here in my hands
Everything I need
Is right here in my hands
Right here in my hands
Right here in my handsEverything I needI got money in the bank
And I got a car to drive
I got a love that won't quit
And I got a clear and able mindEverything I need
Is right here in my hands
Right here in my hands

Right here in my hands
Everything I need
Is right here in my hands
Right here in my hands
Right here in my hands
Everything I need
Is right here in my hands
Right here in my hands
Right here in my hands Everything I need
I got everything I need
