

Days Just Wave Goodbye

Smoking Popes

Bother, I don't bother

Bother, I don't bother

Days just wave goodbye as they ride in tonight And then they're gone, gone, gone... Sorry, I'm not sorry

Sorry, I'm not sorry

Yesterday goodbye

I've got no tears left to cry cause they're all gone, gone, gone... For the first time in a lifetime

I can keep my eyes closed all day long, yeah
