These Days

Maverick Sabre

Uh huh.
Uh huh.
No pity lost in the city
Where no one seems to see your face
Talk with me
feel (hear) my heart beating
but no one ever feels my pain
The way I?m living is cold and now I?m sitting
Cause you and I done walked away
And these days how I?ve been feeling is numbing everything in a haze
[Hook:]I?ve been lost for days
and hopeless, broken, hatin?
But we never had
Can?t turn back
[Chorus:]
Where do we go if there?s no love (one)?
Where do we turn if there?s no one (love)?
Where are we gonna go?
Lord knows I need you here to help (tell) me so.
Where do we go if there?s no one (love)?
Where do we turn if there?s no love (one)?
Where are we gonna go?
Lord knows these days they feel so dark alone.
Dark alone.
Nobody is left here for me
They run after the fortune and fame (she was)
My honey had changed for my money
It?s funny how I get (the) blame(d)
I?ve been fighting for love never un----
Because darling seems to own this place
And I feel like it?s been killing my soul in this world I just saved
[Hook:]
I?ve been lost for days
and hopeless, broken, complacent??
But we never had
Can?t turn back
[Chorus:]
Where do we go if there?s no one (love)?
Where do we turn if there?s no love (one)?

Where are we gonna go?
Lord knows I need you here to help (tell) me so.
Where do we go if there?s no one (love)?
Where do we turn if there?s no love (one)?
Where are we gonna go?
Lord knows these days fell so dark alone.
Dark alone.
[Bridge:]All we can do is dry these tears
Even when we don?t want to
All we can is fight these fears
Even when they all come true
I don?t want to be alone but I?m all alone here for you
Where do we go if there?s no one (love)?
Where do we turn if there?s no love (one)?
Lord knows?Lord knows I need you here?
Where do we go if there?s no one?
Where do we turn if there?s no love?
Where are we gonna go?
Lord knows these days fell so dark alone.
Dark alone.
Lord tell me so.
Lord tell me so.
Lord tell me so.
I need you here to tell me so.
