

# Parallels

## Eels

Woke up lost,  
In a world I didn't know,  
I shook it off and I'm trying to make a go,  
Ever get the feeling that the story isn't done,  
And you know that you are not the only one? And I know you're out there somewhere,  
And I know that you are well,  
Looking for an answer,  
But only time can tell,  
Parallels All things being equal,  
I'd rather not forget,  
The things I've seen,  
And the people that I've met,  
But something down inside me,  
Makes me think there's something more,  
And I don't have any proof but I'm sure And I know you're out there somewhere,  
And I know that you are well,  
Looking for an answer,  
But only time can tell,  
Parallels Woke up lost in a world I can't escape  
what I'll become, slowly taking shape  
start again, it's not the end  
but altogether new  
and I'm never giving up till I find you And I know you're out there somewhere,  
And I know that you are well,  
Looking for an answer,  
But only time can tell,  
Parallels [Instrumental]
