

Crazytown

Aimee Mann

I guess this movie mustve opened wide
another girl who threatens suicide
you called the cops but then she denied every word
and you know youll be the one whos paying the tab for her
youre out there trying to flag a cab
and for who?
a girl who lives in Crazytown
where craziness gets handed down
Who? whoevers gonna volunteer
will only end up living here
A plot like this will always have a twist
the girls a dream who never did exist
just like the last one, and she enlisted a fool
and you thought, Oh, its all fun
when youre writing songs for her
but now son, youll be posting bond, and for who?
a girl who lives in Crazytown
where craziness gets handed down
Who? whoevers gonna volunteer
will only end up living here
and you dont want to go that route
cause thats not what youre all about
but you just cant seem to get out of it
youre still out there, raising a doubt,
and for who?
a girl who lives in Crazytown
where craziness gets handed down
Who? whoevers gonna volunteer
will only end up living here
