

Misery (feat. Steven Tyler)

[Pink](#)

Shadows are fallin' all over town
Another night and these blues got me down
Oh, misery! I sure could use some company
Since he's been gone I ain't been the same
I carry the weight like an old ball and chain
Guess its all meant to be
For love to cause me misery Oh misery! Oh misery!
Tell me why does my heart make a fool of me
Seems its my destiny
For love to cause me misery
And, oh! I've been down this road before
With a passion that turns into pain
And each I saw love walk out the door
I swore never get caught again But ain't it true? It takes what it takes
And sometime we get too smart to late.
One more heartache for me
Another night of misery
Oh! And oh misery! Oh misery!
Tell me why does my heart make a fool of me
Oh misery! Oh misery!
Tell me why, why, why, why, why, why does this
Heart make a fool of me
Seems its my destiny
For love to cause misery, oh
Guess its all meant to be
For love to cause me misery, oh, no, yeah
