

# Without (Codex Empire Remix)

## The Soft Moon

Without you in my heart  
Still feel you within  
Without you by my side  
Without you in my life  
Without you in my heart  
Still feel you within  
Without you in my heart  
Without you in my heart. Without you in my heart  
Still feel you within  
Without you by my side  
Without you in my life  
Without you in my heart  
Still feel you within  
Without you in my heart  
Without you in my heart  
Without you.  
Without you.  
Without you.  
Without you.
