Soon After This

Broken Twin

I'll be the last shadow walking your side of the street
I'll be a stranger talking, eyes you wont meet
I'll be a distant waving with no face to wear
And a smile left fading away unaware
Do you care, do you care, do you care, do you care?
I'll be a word of warning, smoke in the sky
I'll be the one saying we when you keep saying I
I'll be in the dead leaves dancing, the wind in your hair
And the echo of departure resounding in the air
Do you care, do you care, do you care, do you care?
