

Born Under a Good Sign

Teenage Fanclub

Born under a good sing
I was raised in the sunshine
I'm the first in a long time
into love, the moon, the trees, the stars, the sun. Step on the right track
love my folks and I call back
I read books and I don't lack
into love, the moon, the trees, the stars, the sun. Rockin' a new way
I play fives on a sunday
tt on a tuesday
into love, the moon, the trees, the stars, the sun.
