

# Tough Guy

## Beastie Boys

Butcher me on the court  
Too many elbows to report  
Now you're poking me in the eye  
Bill Laimbeer motherfucker, it's time for you to die  
Tough guy, it's time to check yourself  
Dribbling the ball like the Biz can be bad for your health  
Tough guy, what you gotta prove?  
Moving like an elephant, that's your favorite move  
Tough guy, your shit is going out  
Box me out with your fat ass  
Throw me around like a bounce pass  
You've got a tombstone hanging over your dick  
You cause a minor earthquake when you throw a moving pick  
Tough guy, you think you're like the Shaq  
Keep running around, you'll catch a heart attack  
Tough guy, what are you giving me?  
The way you're playing ball, well, you'll stop me from living, B
