

# Tell Me

## The Spitfires

Tell me, baby is it yes or no?  
You've got a face that just don't show what's going on inside  
Tell me, I swear I'll take it on the chin  
Don't sugarcoat where I fit in, what's going on?  
Inside you there's a room, a room with a door  
I finally come knocking and I've been here before  
Oh, I've got this love for you but what is it for?  
If you can hear me then tell me  
Last chance, hold me in your arms and say  
If you want this love to walk away  
Tell me and I'll say goodbye  
Inside you there's a room, a room with a door  
I finally come knocking and I've been here before  
Oh, I've got this love for you but what is it for?  
If you can hear me  
I'll make it easy, I'm counting to three  
Am I something you want or someone you need, baby?  
Tell me that you want me, tell me that you love me  
Tell me, darling won't you tell me?  
I'm begging you to tell me  
Tell me and I'll say goodbye
