

# A Thousand Days Before

## Soundgarden

Life  
A thousand days ago  
I was  
Sinking in a hole  
Try  
To melt into all the walls  
Now  
I am here inside the cold Here in the dark  
Where no one stayed beside me Now  
A thousand days before  
Again  
Like the sun and moon at war  
And  
Give or take a thousand more Here in the dark  
Where no one stayed beside me  
Ill be on my own side  
You know where to find me  
You know where to find me Here in the dark  
Where no one stayed beside me  
Ill be on my own side  
You know where to find me  
You know where to find me On  
With a thousand needles  
And  
A tear to fill up everyone A thousand days before  
Ill be on my own side  
Ill be on my own side  
Ill be on my own side
