Virtue vs. Common Man

The Persevering Promise

11 years today, I watched my best friend pass away,
One single shot replaced his spot in the place of history.
Now just his memory remains and all the promises ive made
To save the ones I love

Iâ€™d rather die another day than to face the storm alone
Than to see a friend afloat with no one there to guide him home
Iâ€™d rather give my life away for a chance to save a life
So my pencil is my knife and I will say ID RATHER DIE THAN STAY YOUR PAIN

Itâ€™s almost 10 years past, since my cousins fatal crash,
A motherâ€™s fear, right by his ear, whispered â€œGood night Dannyâ€•
AND NOW I SWORE TO ALL MY FRIENDS
THAT I WOULD BE THERE IN THE END
TO SAVE THE ONES I LOVE.
A TRUTH I WILL DEFEND!

Iâ€™d rather die another day than to face the storm alone
Than to see a friend afloat with no one there to guide him home
Iâ€™d rather give my life away for a chance to save a life
So my pencil is my knife and I will say ID RATHER DIE THAN STAY YOUR PAIN

(Breakdown)
LETS BRING THIS BITCH DOWN!

Iâ€™d rather die another day than to face the storm alone
Than to see a friend afloat with no one there to guide him home
Iâ€™d rather give my life away for a chance to save a life
So my pencil is my knife and I will say ID RATHER DIE THAN STAY YOUR PAIN
