

# It's Ecstasy When You Lay Down Next To Me

Barry White

When we met, it wasn't quite clear to me  
What you had in store was there for only me  
Silly, you know you took me by surprise  
Then I turned and looked, I saw that message in your eye  
There you were, I fell on the floor  
The way you move, girl, only made me want you more  
I did not know you had me hypnotized  
There's a movement of your body dancin' in my eyes  
I know I had to hold you and make you mine  
Don't want to control you just to have a good time  
In ecstasy when you're layin' down next to me  
Oh, no, no, ecstasy, yeah, when you're layin' down next to me  
I find it hard for me to concentrate  
If I don't make my move, girl, it might be too late  
I've got to make sure you don't get away  
After all you done, girl, to make me want to stay  
All my life I've been searchin' for a star  
Now my search is over and here we are  
Livin' in ecstasy, yeah, when you lay down next to me, yeah  
Here in ecstasy, when you're layin' down next to me  
I want to hold you and make you mine  
Don't want to control you just to have a good time  
Livin' in ecstasy, well, when you're layin' down next to me  
Ooh! ooh! wee, ecstasy, when you're layin' here with me, uh-huh  
In this ecstasy when you are here with me,  
yeah  
Oh, it's ecstasy, Lord knows when you're next to me, yeah
