## I Want You Back

## Bananarama

Don't take away No don't take away, no

Don't take away

No don't take away, noThe room has suddenly grown cold

And outside in the street it's raining

You packed your bags and said goodbye

You took my heart without explainin'How could you go?

How could you go?

We had a love most people never know

Ooh stop before you break my heartI want you back, don't care what I have to do

I want you back

I want you back, gotta get it through to you

I want you backIf I can make you see

Only you can fill the need in me

If you walk away

You'll regret it some day, please stayThis room is full of memories and

Shadows of the past remind me

Of all the love I gave in vain and

All the hurt I feel inside meI want you back

I want you back

We had a love most people never know

Ooh stop before you break my heart I want you back, don't care what I have to do

I want you back

I want you back, gotta get it through to you

I want you backIf I can make you see

Only you can fill the need in me

If you walk away

You'll regret it some day, please stayDon't take away

No don't take away, no

Don't take away

No don't take away, noWe had a love most people never know

Ooh stop before you break my heartI want you back, don't care what I have to do

I want you back

I want you back, gotta get it through to you

I want you backIf I can make you see

Only you can fill the need in me

If you walk away

You'll regret it some day, please stayI want you back, don't care what I have to do

I want you back

I want you back, gotta get it through to you
I want you backIf I can make you see
Only you can fill the need in me
