

You Better Leave Me

Liam Bailey

You better leave me
Better leave me
I'll be cold inside
Whisky make the time
Did you know, darling?
Showed you all I knew
I've been lonely darling
I've been feeling blue
Every time I try to stop my own faith
I come all alone darling
I am playing games
You better leave me darling
You better leave me
Love is .. with me
I look in the mirror
I am to blind to see
All I know I felt so much younger
Now I feel the age
I come all alone darling
I am playing games
You better leave me darling
You better leave me
Do you remember when everybody was so young
Always making love and always having fun
Now I don't even like the sound of my own name
Make the change
I come all alone darling
I am playing games and you don't need it
I am playing games
You better leave me darling
You better leave me
To make the change
Make the change
