In the Dark Places

PJ Harvey

We got up early, washed our faces
Walked the fields and put up crosses
Passed through the damned mountains
Went hellwards and some of us returned
And some of us did notIn the fields and in the forests
Under the moon and under the sun
Another summer has passed before us
And not one man has, not one woman has
Revealed the secrets of this worldSo our young men hit with guns in the dirt
And in the dark places
Our young men hit with guns in the dirt
And in the dark places
Our young men hit with guns in the forests
And in the dark placesAnd not one man has, not one woman has
Revealed the secrets of this world
