

Close to You (Junto a Ti) [Spanish Version]

Whigfield

Nobody pays much attention
They misuse their time
Maybe its better to mention moments passing by A secret to tell,
I've got something they don't have
And baby its you who is lifting me high [Chorus]
I just want to be close to you
Cause I understand the strength of your hand
Oh and the love you put me through
You're more than a friend so love me again Baby you're full of affection
People stop and smile
Maybe they see my intention
To make life worth while A secret to tell,
I've got something they don't have
And baby its you who is lifting me high A secret to tell
Now there's nothing holding back
Cause baby its you that is making me fly [Chorus: Repeat x2] A secret to tell (I'm telling secrets now)
Now there's nothing holding back
Cause baby its you who is making me fly Oh baby, oh yeah Love that you put me through (Love that you put me
through) [Chorus]
