

I'm So Sleepy

Cat Stevens

I'm so sleepy, yeah
I'm so sleepy, yeah
I could lay my head on a piece of lead
And imagine it was a springy bed
'Cause I'm sleepy, sleepy Soon I'm gonna slip away
In the night, I feel it creeping, creeping, creeping I'm so sleepy, yeah
I'm so sleepy, yeah
I could lay my head on a piece of lead
And imagine it was a springy bed
'Cause I'm sleepy, sleepy I can't keep my mind away from my dreams
I hear them calling, calling, calling Soon I'm gonna slip away
Soon I'm gonna slip away
Soon I'm gonna slip away
In the night, I'm gonna slip away
I won't fight it, I'll just ride it I'm so sleepy, yeah
I'm so sleepy, yeah
I could lay my head on a piece of lead
And imagine it was a springy bed
'Cause I'm sleepy, sleepy, yeah
