

Sum of Us (instrumental)

Jurassic 5

Sum of UsCHALI
Sparkling extreme spinnage
Watching your scene plumb
If lyrics were green vomit
My vocals would clean stomachs
Addicts wean from it
Where dreams and green run it
The faces on money change like the host on Teen Summit
I'm close to being done with this industries cream driven
supreme livin, seein more demons than Gene Simmons
And mean fibbin' actors be adlibbin
Fakin the funk and some of us naturally had rhythm
Some of us act like they had women
Gats in the abdomen back when the fad hit them cats
they didn't have nothing
For certain I'm sure it's fiction but for some
The purest diction
Insures their jurisdiction
I'm kicking it up a level trying to stay in the red
Some stay in the bed zombie
Like the day of the dead
With decay in the head
Playing instead of staying ahead
Steadily portraying celebs, delaying the inevitable
When some come round
Run down when they touch ground
They clown But their structures unsound
Some of you like the way my words caress tracks
While some of these politicians secretly suppress facts
2X's
I'm saying through songs I write
My wrongs I right
If you wanna fight the power
Get the power to fight
Cuz some of us judge without knowing the man's inner
And some of us find fault in the sin and not the sinnerAKIL
Influential ideas
Push pressure on my peers
That's why most of these brothers have short term careers

You appear to be what's happening
 One year you crackin
 One hitter quitter now you missin in action
 With no satisfaction from the streets
 I only hear foolishness when you speak
 I repeat my predecessor's indeavor with pleasure
 Lock and load, explode and come better
 Hopin that generation X
 Be more wicked with the flex
 And not so quick to cash a check
 And disrespect, chasing drugs and sex
 Guns and death, but end up getting layed to rest
 At your request
 You're at the end of your line
 Out of your mind
 Idle women, weed and wine
 And shells for your nine
 The blind lead the blind
 Time after time
 When you rhyme for the shine
 CHALI
 Yo, I'm telling you to rebel
 But dude, if you stale
 The 2na can tell
 Either you're coming to the party or you're truant as hell
 Politicians ain't got no problem puttin you in the cell
 It's like he rolled up a snowball and threw it in hell
 See some of us are looted with mail and suited to swell
 But still blind like they're fluent in BrailleAKIL
 Yo, I never can tell uh, why some make it or fail
 Speak it and spell overcome and still prevailCHALI
 We ripple the water frequently
 Blink if we show delinquency, please
 Human frequencies
 Have been diseased, A breeze ain't what I'm feelin
 Healing is essential
 Mental aggrivation shows you what we've been throughAKIL
 Yo, sign of the times influence the ways I rhyme man
 Pick up yo nine and put down your picket sign, man
 Your life is worth way more than just some diamonds
 Without bling I still gleam
 Glisten and shine, man
