Hades RiseÂ Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â Â

Aura Noir

Heavens burn, rise, restless pest
As all learns Hades final test
Fire lurks behind each black crest
Hades race, rise, never restSpitting blood on the barren land
Corpses lying dead on the black sand
Deep red, the core of the will
On the scrap heap, feel the polar chillHades rise!!!
Hear its thunder roar
Hades rise!!!
Hear the wind of sin cry
See the devastation, hear the bestial noise
The jaws are gaping, roaring hellish voice
As the eye of war stares impatiently
Savage bastards prowl through the debrisThe bones are soaked, the blood flows like a river
You're drenched in fear and your limbs shiver
A black flag is on my mast
The cannons creep, the human race won't last
Hades rise!!!
Hear its thunder roar
Hades rise!!!
Silently, as I sore
