

# Everyone

## Planetshakers

This is the sound of a generation

This is our song, it's a declaration

We will arise

With a burning passion

All for your name Jesus

Everyone, everyone get up on your feet and sing

'Cause we have the Victory in Jesus Name

Let's Celebrate

Everyone, everyone get up on your feet and sing

'Cause we have the Victory in Jesus Name

Let's Celebrate

Let's Celebrate

This is the sound of a generation

And this is our song, it's a declaration

We will arise

With a burning passion

All for your name Jesus

Everyone, everyone get up on your feet and sing

'Cause we have the Victory in Jesus Name

Let's Celebrate

Oh everyone, everyone get up on your feet and sing

'Cause we have the Victory in Jesus Name

Let's Celebrate

Let's Celebrate

We dance 'cause we are free

We have the victory

In your Authority

You set us Free

You set us Free

We dance 'cause we are free

We have the victory

In your Authority

You set us Free

You set us Free

We dance 'cause we are free

We have the victory

In your Authority

You set us Free

You set us Free  
Everyone, everyone get up on your feet and sing  
'Cause we have the Victory in Jesus Name  
Let's Celebrate  
Oh everyone, everyone get up on your feet and sing  
'Cause we have the Victory in Jesus Name  
Let's Celebrate  
Let's Celebrate
