Before Complete Surrender

The Common Linnets

I want to dive into your ocean
But I'm afraid your waters are too deep
And I'll fall with honest true devotion
Far from any shore that I've known before
And I'd never leave, and I forget to breatheI wanna open up the door to
The promises of love that your eyes show
And I'm afraid of how much I'll adore you
That your love is the only kind of love
That I would ever want to knowSo I'll draw a line, before complete surrender
'Cause you'd just be too much for me
Too strong, too sweet and too damn overwhelming
I'm dying to make the most of us together
Because this is just what it is
And what it is I know I've never felt itYou'd paint my world in a different kind of colours
You'd play new chords to my song
And we could so easily be lovers
As much as I would love to try
We'd end up in a place we don't belongSo I'll draw a line, before complete surrender
'Cause you'd just be too much for me
Too strong, too sweet and too damn overwhelming
I'm dying to make the most of us together
Because this is just what it is
And what it is I know I've never felt itSo I'll draw a line, before complete surrender
'Cause you'd just be too much for me
Too strong, too sweet and too damn overwhelming
I'm dying to make the most of us together
Because this is just what it is
And what it is I know I've never felt itI want to dive into your ocean
