

If

Destiny's Child

If I don't pick up the phone like I used to (for you)

Don't you take it personal

If I don't do all the things that I used to do (to you)

I ain't mad at you

If you get to feeling stressed up in your chest

Thinking that you about to lose

(Baby its true)

And if you losing out on sleep

On worrying about me

This how it beIf you don't know

Now you know you're gonna miss (my love)

And I ain't stressing bout a dog gone thing

'Cause I was true when I gave you (my love)

If you search you will never find another love like (my love)

You're gonna miss me

I ain't got time while you sit around and play with my (my love)If you think I caught a feeling

When I heard about that other chick (no)

I already knew about it

I just needed time

Just to clear my mind

And ask myself

(why I didn't handle him)

If you would've taken care of home

Instead of leaving me alone

(I) still would be right there with you

Taking care of you

Instead of loving you

Like I used to doIf you don't know

Now you know you're gonna miss (my love)

And I ain't stressing bout a dog gone thing

'Cause I was true when I gave you (my love)

If you search you will never find another love like (my love)

You're gonna miss me

I ain't got time while you sit around and play with my (my love)There once was a time

I blamed myself for what was wrong

(I can see so clearly now because you are gone)

That's how I spent all my time when you weren't home

(Playin' around with them raggedy heffers)

There'll be no more stressing

No more crying no more trying
I would rather be alone
(Id rather be all by myself yeah)
'Cause this valuable heart of mine
Was yours until I realized finally opened my eyesYou see ladies
I know I know better
What was I thinking?
He gon' miss me when I'm goneIf you don't know
Now you know you're gonna miss (my love)
And I ain't stressing bout a dog gone thing
'Cause I was true when I gave you (my love)
If you search you will never find another love like (my love)
You're gonna miss me
I ain't got time while you sit around and play with my (my love)
