Best Friends

Mis-Teeq

La la la
La la la
La la la
La la laRemember the time when we used to play, yeah yeah
Knock down ginger and we braid hair
Drunk slush puppies every day and
Now you're not aroundA trip to the sweet shop, oh, was a treat
When your mama gave us 50p
What happened to those good old days
You ain't here with meSo how you been? I know I haven't seen you
I heard you were working, not as much as you do
Just keep trying, maybe I'll come and see you
You know I'm gonna be hereI know it's taken time, you felt I left behind
My ordinary life but it's the path I had to find
To get some peace of mind, I had to leave you for a while
I felt empty deep inside without my best friend by my sideLa la la
La la la
La la la
La la laRemember the time when we took the train, yeah yeah
Got home late, my mum had gray hairs
Sleepovers on Saturdays, yeah
Girl, I miss those daysRemember when Bobby Brown was the craze
We used to sing along like everyday
What happened to the pact we made
To never separateWhat you doin' at 8? Coming round to see you
Don't be late, there's so much that we should do
Just like old days, got everything to tell you
Good friends don't come easyI know it's taken time, you felt I left behind
My ordinary life but it's the path I had to find
To get some peace of mind, I had to leave you for a while
I felt empty deep inside without my best friend by my sideI know it's taken time, you felt I left behind
My ordinary life but it's the path I had to find
To get some peace of mind, I had to leave you for a while
I felt empty deep inside without my best friend by my sideWherever we've been along the road
You've always been a friend to me, I know
I'll stick with you till the end through thick and thin
You'll always be my best friendI know it's taken time, you felt I left behind
My ordinary life but it's the path I had to find
To get some peace of mind, I had to leave you for a while

I felt empty deep inside without my best friend by my sideI know it's taken time, you felt I left behind
My ordinary life but it's the path I had to find
To get some peace of mind, I had to leave you for a while
I felt empty deep inside without my best friend by my sideI know it's taken time, you felt I left behind
My ordinary life but it's the path I had to find
To get some peace of mind, I had to leave you for a while
I felt empty deep inside without my best friend by my side
