

Moving in the Dark

Neon Trees

Started in the morning
My head was getting hazy
Couldn't keep my feet on the ground
She was makin' love to the
 Mirror in the bathroom
Didn't hear me talkin' out loud
 Bubblegum, lipstick
 Baby's got me nervous
Something's got a hold of my feet
 You just wanna go
Where your problems won't follow
 Baby that's ok with me

 Set fire with just a little spark
 That's how it goes when you're
 Moving in the dark
 Set fire with just a little spark
 That's how it goes when you're
 Moving in the dark

 Got no money still
 Ain't that cool?
 I'm the little punker
 Who's kissing you
 Forget what you heard
 About modern love
 She's still in the mirror
 Honey, fixin' her mug and I'm like

 Set fire with just a little spark
 That's how it goes when you're
 Moving in the dark
 Live fast, it's a feeling not an art
 Just how it goes when you're
 Moving in the dark

 Kids kiss, statuesque out in the street
 I don't really wanna be a part of your scene
 Messed up, all the same, kids in my city

It's less about what you say
And more looking pretty and I'm like

Set fire with just a little spark
That's how it goes when you're
Moving in the dark
Live fast, it's a feeling not an art
Just how it goes when you're
Moving in the dark

Started in the morning
My head was getting hazy
Couldn't keep my feet on the ground
She was makin' love to the
Mirror in the bathroom
Didn't hear me talkin' out loud
Bubblegum, lipstick
Baby's got me nervous
Something's got a hold of my feet
(Set fire with just a little spark
That's how it goes when you're moving in the dark)
You just wanna go
Where your problems won't follow
Baby that's ok with me
