

Walk Me Home (With Lontalius)

[Ryan Hemsworth](#)

Boy, I gotta go
There's no room for me here anymore
Boy, you know I would stay
There's no room for me left in your heart Leave me alone, leave me alone, leave me alone
There's no room for me left in your heart I tripped up, don't lie, I'll feel better if you walk me home
And never leave me alone, leave me alone, leave me alone
I can't say when I'm gone I'll feel better if you walk me home
Never leave me alone, leave me alone, leave me alone I'm still feeling [?]
I'll still love you [?] change, but tonight I'll [?]
Tear it up [?]
