Don't Call Me Crazy

L.A. Guns

Does anyone remember Lucy?
I used to see her so much more
A candle burns tonight for Lucy
'Cause she ain't coming back for sureAnd I remember Lucy
A little girl lost in a greedy world
And, oh, goodbye, Lucy
You could be the saddest of girlsDon't call me crazy
It makes me sad
Don't call me crazy
You don't wanna make me madThere's something wrong with Lucy
And no one seems to have a cure
A demon lives inside of Lucy
I think I know for sureI remember Lucy
A little girl lost in a greedy world
Oh, goodbye, Lucy
You could be the saddest of girlsDon't call me crazy
It makes me sad
Don't call me crazy
You don't wanna make me madDon't call me crazy
It makes me sad
Don't call me crazy
You don't wanna make me mad
