Here's Looking at You Now

Southern Backtones

New cheekbones bring out your eyes
Fail to see deaths mirror lies
Your wish is hard to swallow
So toss a cent over clavicles

And when your working at least get up
Donâ€™t you listen to your belly growl
Hereâ€™s looking at you now
Hereâ€™s looking at you now
Hereâ€™s looking at you now
Hereâ€™s looking at you now

? Porcelain physique
Itâ€™s been an agonizing week
And when the orders are passed around
Donâ€™t you listen to your belly growl

Hereâ€™s looking at you now
Hereâ€™s looking at you now
Hereâ€™s looking at you now
Hereâ€™s looking at you now

Youâ€™ve come so far
Donâ€™t give up now
Congratulations
Hereâ€™s to better living underground

Hereâ€™s looking at you now
Hereâ€™s looking at you now
Hereâ€™s looking at you now
Hereâ€™s looking at you now
