

Please Don't Go

Madness

Please don't go
I used to walk you home, then walk back alone
As I remember, I just can't remember
I used to walk you home, then walk back alone
As I remember, I just can't remember
I will admit that there were times
When I was rude and so unkind
But can't we kiss and make amends
Oh, why, oh, why can't we be friends
When we were seen, it was like a dream
Always together, I thought forever
Now you say that it's time to end
But I say never, n-n-n-no never
But when we kissed and when we touched
It used to mean so very much
But now your cold and want to go
Before you do, I want you to know
Please don't go
Please don't go because I really know
That I love you, I really love you
I used to walk you home, then walk back alone
As I remember, I just can't remember
But when we kissed and when we touched
It used to mean so very much
But now your cold and want to go
Before you do, I want you to know
Please don't go because I really know
That I love you, I really love you
Please don't go because I really know
That I love you, I really love you
Please don't go because I really know
That I love you, I really love
Please don't go
