You're a Animal

Jonathan Boulet

I will sing this song
I will not belong
If you think you're lost
I will sing this song

I will soldier on

You will get, get what's coming
Screaming out. "Oh help me please"
Didn?t want what was coming
Now it?s time for you to scream

You're a animal
Your life's hit the wall
We meet face to face
Won?t need to cremate

Can you hear the sound?
Your home's burning down
Every one you love
Loved you until now

I will sing this song
I will not belong
If you think you're lost
I will sing this song

You're a animal
